

Rider Safety & Precautions Guide

Associated risks, reporting precautions, and help options for SafeGuard riders.

Purpose

This document supports the Rider interface. It gives riders simple safety guidance, reporting precautions, and help options for incidents observed on a vehicle, in a station, or at a stop.

Rider-associated risks

- Harassment, threats, hate speech, aggressive shouting, or intimidation.
- Physical fight, weapons concern, panic or scream, medical emergency, or person in crisis.
- Suspicious unattended bag or package, vandalism, forced door behavior, crowding near a vulnerable area, or unsafe stop conditions.
- Privacy risk from uploading unnecessary images, audio, or video that includes bystanders.

Precautions before reporting

- Move away from immediate danger when possible and avoid escalating the confrontation.
- Use SafeGuard to report details only when it is safe to do so.
- Include route, vehicle number, location, direction, time, and a short description.
- Upload photo/video only when it can be captured safely and without direct confrontation.
- Call 911 when police, fire, or medical assistance is immediately required.

Rider what-to-do matrix

Situation	What to do	What to avoid
Immediate danger	Call 911, move to a safer location, alert TTC staff if nearby	Do not confront an armed or violent person
Harassment or suspicious activity	Submit a report through SafeGuard or SafeTTC with location and description	Do not include unnecessary private information
Medical emergency	Call emergency services and notify TTC staff	Do not move an injured person unless necessary for safety
Unattended package	Move away and report the location	Do not touch, move, or inspect the item

Sources and implementation notes

TTC public safety guidance says riders can speak to a TTC employee or use the SafeTTC app to report issues directly to Transit Control. Official page: <https://www.ttc.ca/riding-the-ttc/safety-and-security>

TTC SafeTTC information says submissions are monitored 24/7 and can include text, photos, or video. Official page: <https://www.ttc.ca/riding-the-ttc/safety-and-security/safe-ttc-app>

TTC contact information lists Customer Service at 416-393-3030 and customer information at 416-393-4636. Official page: <https://www.ttc.ca/customer-service/contact-us>

For emergencies requiring police, fire, or medical assistance, use 911. The SafeGuard app should not replace official emergency procedures or TTC policy.
